Event Highlights

BIM Automation Arena is introduced by HKIBIM and co-organised by Cyberport. It aims to gather BIM professionals and IT talents to show their great talents in combining BIM and Programming and facilitate new development in the construction industry.

After the great efforts and splendid work of all the applicants, here comes the Finalist's Presentation and Awards Presentation Ceremony. 25 finalists from AEC and IT Industry will showcase their incredible talents in combining BIM and Programming at the Arena.

On this "BIM Friday", the finalists will present their BIM solutions and accept the BIM Automation Arena Challenge from the judging panel. The attendees are also invited to vote for their favourite solution at the arena.

This event would be counted in CPD hours. You are cordially invited to witness the breakthrough in BIM Automation and intelligence and the remarkable benchmark in BIM development in Hong Kong.

- i. **Finalist Presentation**
- ii. **On the Spot Voting for "The Most Popular Award",**
- iii. **Additional Arena Challenge: On the Spot Creation of BIM Programme**
